FOREWORD

The East Midlands Association of Motor Clubs is one of fifteen Regional Associations created by the ***Motor Sports Association*** for the purpose of Co-ordinating motor sport affairs in their respective areas and to act as a link between the **MSA** and **Motor Clubs**.

This Association is represented on the **MSA** Regional Committee by a Delegate. - 1.2** All clubs affiliated to the EMAMC may submit only National B events to be considered for inclusion in any of the Championships.
 - 1.2.1** Championship status will only be granted to an event at the discretion of the relevant Championship Co-ordinator, once the Co-ordinator believes that the event and its organisation meet the EMAMC standards.
 - 1.2.2** New members of the EMAMC should note that they may be required by the relevant Championship Co-ordinator to have their events observed by a representative of the EMAMC before Championship status can be approved.
- 1.3** Organising clubs will pay a levy per event for acceptance in a Championship. Levies should be paid at the beginning of the Championship season. Should the event fail to run the Levy shall be returned in full.
 - 1.3.1** Clubs running dual Championship events will pay one full, and one half levy.
- 1.4** Clubs should submit event dates to the EMAMC at the July dates meeting.
 - 1.4.1** Clubs who have not paid their Annual Subscription prior to the start of the July dates meeting may not propose their events for inclusion in the EMAMC Championships.
- 1.5** Organising clubs must send a copy of event regulations, final instructions and a full entry list to the appropriate Championship Co-ordinator as soon as they are available. Copies of event regulations or a flyer with sponsor's logos should be sent to all member clubs of the EMAMC.
 - 1.5.1** Organising clubs being observed must send a copy of event regulations, final instructions and a full entry list to the EMAMC Secretary and the relevant Championship Co-ordinator as soon as they are available.
- 1.6** The club will provide proper facilities at signing on for the Championship Co-ordinator together with the proper provision for the EMAMC promotional material and that of the Championship Sponsor.
 - 1.6.1** Promotional material for individual events will appear in Championship Bulletins. It is the responsibility of organisers to provide this material to the respective co-ordinators. This information will be sent to Championship Contenders and member clubs of the EMAMC at least bi-monthly by the Executive committee.
- 1.7** The event will comply with individual Championship Regulations.
 - 1.7.1** Event Regulations will carry the Championship Title, Championship Permit Number and a full-page advertisement for the Championship Sponsor.
- 1.8** Full results must be sent to the Championship Co-ordinator within seven days of being declared final. Failure to comply with this requirement may result in the organising club not having a future event considered for a championship.

- 1.9** When an event within the EMAMC Championship is moved for any reason the Clerk of the Course for that event must contact at the earliest possibility the EMAMC Secretary and the Clerks of the Course of events on either side of the new intended running date of the event prior to submitting the new date. - 1.10.1** Clubs must ensure that the Secretary of the Meeting or another nominated official contacts the EMAMC Registrar for the address labels of registered contenders and member clubs of the Association to ensure that they receive regulations for the event.

2 Individual Championship Rules

2.1 EMAMC Stage Rally Championship.

- 2.1.1** All entry lists must show which competitors are registered contenders.
- 2.1.2** All entry lists must show which vehicles are four wheel drive.
- 2.1.3** Event regulations must include the current EMAMC sponsors advertisement.

2.2 EMAMC Multi -Use Championship.

- 2.2.1** All entry lists must show which competitors are registered contenders.
- 2.2.2** All entry lists must show which vehicles are four wheel drive.
- 2.1.3** Event regulations must include the current EMAMC sponsors advertisement.

2.3 EMAMC Road Rally Championship.

- 2.3.1** All entry lists must show which competitors are registered contenders.
- 2.3.2.** The **only** types of **navigation** permitted on Championship events are as follows:-

A. Map References (MRs)

- If MRs are out of order they **MUST** be numbered or lettered.
- If MR "avoids" (black spots) are used they must also be in number or letter order in the on-going direction of the route.
- Roman numerals or other coding of MRs must not be used e.g. A=1, B=2 etc.
- may include KM squares i.e. 4 figure map references

Recommendations – To limit long lists of map references and especially lists of blackspots to just two or three handouts. (OK for preplot).

B. Tulip Diagrams

- Must have EITHER a head or a tail (or both). However in circumstances where a wrong decision or guess would send competitors immediately straight into a problem (such as a black spot, a 30 mph limit, private road, against rally traffic etc.) then the tulip should have both a head and tail.
- If out of order, all tulips must be numbered or lettered (again no Roman numerals).
- "Mirror image" tulips must not be used.

C. Herringbones

- May be circular or geometric BUT they MUST have a start point AND direction of travel.
- "Mirror image" herringbones must not be used.
- All herringbones must have start point (i.e. no guessing which end to start).

D. Grid lines

- Either in order or, if out of order, they must be numbered or lettered.
- Must not include instructions "to cross grid line X so many times and Y so many times".

E. Spot Heights (SHs)

- Either in order or, if out of order, they must be numbered or lettered.
- SHs must not comprise a mathematical calculation (e.g. "pass through 8 SHs totalling 798 metres").

F. Photocopies of maps

- Self-explanatory.

G. Map Tracings

- These may be used but MUST be to scale and numbered or lettered. Also all PCs and GWs must be marked on the tracings.

H. Grid Boxes

- These may be used (as diagrams) BUT they MUST be numbered or lettered and the point of both approach and departure must be indicated.

J. Map Features

- These may be used BUT ONLY where they actually appear to touch the road (such as letters, gradient arrows and mileposts). Therefore can NOT have something like "pass within 100 metres of a church with a steeple, 200 metres of a Battlefield and 300 metres of a Nature Reserve".

2.3.3 Events **must** conform to the following use of **code boards**: -

- Code boards - in the interests of safety they must not be put on, or just over, brows.
- Code boards must NOT be secretly located i.e. they must either have a specific map reference or be specified between two reasonably close parameters on the map e.g. "PCA is between tulip junctions 3 and 4" or "PCB is in the SW quarter of KM square 1234".
- Code boards must conform to the MSA ruling, regarding size and maximum number of digits (note - there is no minimum number of digits).
- Code boards situated on not-as-map grass triangles MUST either have a sketch plan in the route instructions or a standing instruction in the pre-event paperwork saying "go the long way round all those junctions specified as GT in the handouts".

Additional recommendations – code boards

- That reflective (part) numberplates are used.
- That there is one box per passage/code board on the time cards (no more, no less).
- Penalty for missing a passage, route or secret check to be in minutes, either 5 or 10 minutes, rather than a Fail.

- 2.3.4** If regularity **sections** are used, any calculations required must be sensible and able to be computed "in the head" - thus instructions such as "drive at 23.7 mph to the tenth junction and then at 25.8 mph to the sixth spot height" are NOT allowed!
- 2.3.5** Rejoin points must specify the approach and must be where a handout is collected. There must be at least **six** rejoin points in the whole rally (excluding start and finish controls). One may be the rest halt. At least two rejoin points and the half way halt must be given at the start, the remaining three must be given at the rest halt or at some point before.
- 2.3.6** Organisers are free to use **white roads** as they deem fit BUT the approximate amount of white mileage must be stated in the event regulations and whether a sumpguard is recommended. Be honest!
Recommendation. Organisers to be totally honest in the event regs regarding 'white' mileage and condition of the surface.
- 2.3.7** Event **regulations** must comply with the following: -
- They **MUST** state that the navigation will conform to the EMAMC standards and (for the benefit of novices) contain examples of the types being used.
 - A copy of the draft regulations for either new events or established events but with a new Clerk of the Course must be sent to the Road Rally Co-ordinator for vetting.
 - They **MUST** include the current EMAMC sponsor's advertisement.
- 2.3.9** Strong consideration should be given to ensure novices get to the end of the first half so that all (or at least most) have sufficient time make-up to be able to leave the half-way on their due minute (even if this means a fairly easy first half for experts).
- 2.3.10** PCs and GWs should be given in the general flow of the navigation and not in small print at the bottom of the page e.g. do NOT say PCs or GWs "will be found at the 17th and 29th junctions".
- 2.3.11** If any 30 or 40 mph zones are used on competitive sections it must be forewarned in the handout or cautioned in the pre-plot.
- 2.3.12** No designated quiet zones to be included on any competitive section timed to the second unless a "dead time" section is installed either side of the quiet zone.

Five events or less - Championship cancelled

1.5.3. It is the competitors' responsibility to obtain event regulations and submit entries for each event. The **EMAMC** cannot be held responsible for any entries refused.

1.5.4 **Peak Trophy:** Within the **AB Motorsport EMAMC Road Rally Championship 2010** there will be a "Peak Trophy" for Drivers and Navigators, based on the six rounds that use map 119, these being rounds 3, 4, 5, 6, 8 & 9.

The points scoring will be as that of the main Championship, but with the number of scores to count being one less than the number of rounds of the Peak Trophy that take place. Anyone marshalling or organising will be able to count the 60 marshalling points as one of their scoring rounds.

1.6. **Classes:**

1.6.1. Competitors will compete in three classes as follows:

Class 1	Novices
Class 2	Semi-Experts
Class 3	Experts

1.6.2. A "**Novice**" is defined as any competitor who has not finished higher than 20th on any "National B" status road rally on three occasions.

A "**Semi Expert**" is defined as any competitor who has finished higher than 20th overall but outside the Top 10 on any "National B" road rally on three separate occasions.

An "**Expert**" is defined as any competitor who has finished in the top 10 on any "National B" road rally on three separate occasions.

Once a competitor has achieved a higher status, they will be automatically moved up to that class the following season. A competitor retains the status declared on the registration form for the

duration of that season.

Note – The above definitions bear no relationship to the individual event definitions for expert, semi-expert and novice classes. (Thus, it is quite possible, for example, for a contender to enter as an expert on a particular event but still be a novice in the Championship, or vice versa).

“**Historic**” is defined as any contender competing in a vehicle that complies with R18 – R19 Inc (Historic Road Rallies) (2010 MSA Yearbook).

1.7. Scoring:

1.7.1. Points will be allocated to an individual driver or navigator based on the overall positions against other registered **EMAMC** contenders ONLY, on the following basis:

Overall Position	1	2	3	4	5	6	7	8	49 or over
Points	60	57	55	53	51	49	48	47	6

1.7.2. All non-finishers (except “exclusions” for unsporting behaviour or bringing the sport into disrepute) will receive 6 points (subject to the maximum number of events to count).

1.7.3. Once the MAXIMUM number of scores to count has been accrued, any subsequent higher score gained will replace the lowest remaining score to count. There is no requirement to reach the maximum number of scores to qualify for an award.

1.7.4. Any contender who elects to marshal on an **AB Motorsport EMAMC Road Rally Championship 2010** event shall score **60 points** (same points as a win) on one occasion only. A marshalling duty is **not** compulsory, but if not competing is welcomed in supporting the event/s. These points will count if required as one of your “best” scores for awards. Contenders will be required to provide proof of marshalling, which will need to be accepted by the Co-ordinator before championship positions are declared final.

1.7.5. Marshalling duties or points cannot be awarded to any competitor who retires on an event and subsequently volunteers to marshal later on that same event.

1.7.6. Points from the Championship Events will then be placed in ascending order to create a Championship table. The Overall Winners shall be the contender with the highest number of points at the conclusion of the year’s championship.

1.7.7. In the event of a tie at the end of the season, the following will be used to determine a clear result:

1. The greatest number of overall wins
2. The greatest number of second overall
3. The greatest number of third overall placings etc. until the tie is broken.
4. If the tie remains unbroken, the contender to have scored the first win in the **AB Motorsport EMAMC Road Rally Championship 2010** shall take precedence.

1.7.8. Championship points will be published in the **AB Motorsport EMAMC Road Rally Championship 2010** Bulletins, which will be issued to all Registered Contenders via email at least six times throughout the year. Championship tables will be displayed on the **EMAMC** website. These interim points will become final 7 days after the publication of each Bulletin. The end of year points will become final 7 days after the publication of the final end of year Bulletin. **The onus is on the competitor to report any errors or omissions.**

1.8.1. The awards will be presented at the **EMAMC** Awards Presentation to be held early in 2011 and will be allocated as follows: -
